

DT-340 Essence 230v Electronic Dial Thermostat

Product overview

DT-340 is an electronic dial thermostat with a tamperproof cover. This prevents easy end user adjustment of the set temperature. The DT-340 is designed to control single Underfloor Heating zones.

- Tamperproof cover fixed by robust integral clips, needing a flat head screwdriver to remove.
- Small easy setting dial under cover.
- Red LED light to indicate call for heat allows user to confirm thermostat function.
- Surface mounted, no need for recessed back box.
- Special pin stop system for limiting set point range.
- Internal sensor and facility for remote sensor [NTC 4k7 Ohm @ 25°C].
