

TS-28 Zenith Thermal Actuator 230v 2 Wire NC

Product overview

The TS-28 provides a super-fast installation due to its quick connection design feature. The base ring is screwed to the manifold and the actuator is a simple click attachment.

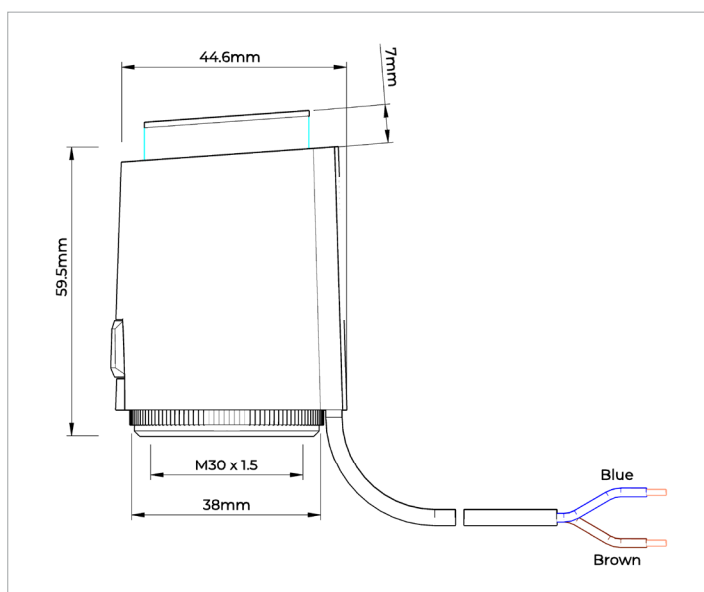

An energy efficient design, designed to last and provide a trouble-free install.

The top hat rises 7mm providing a clear indicator when the valve is open.

The TS-28 is a strong valve, at 100 newtons closing force, travelling 4mm between open and close position.

It is provided with 80cm of pre-wired cable, ready to connect to your wiring centre.

Technical specifications	Dimensions	52x45mm dia.	Product code	CWS- TACT-280
	Weight	113g	Item	Thermal actuator
	Material	ABS plastic PA66 +30% GF	Version	NC normally closed
			Colour	White with blue sided top hat and grey connection ring
	Power consumption	2W	Protection rating	IP54
	Max current	300mA	Cable	White 0.8m 2 wire x 0.5mm
	Stroke length	4mm	Mounting	M30x1.5mm
	Opening time	3-5 mins	Compliance	EN60730
	Force	100N +/-10N		
	Working temp	-5 to +60°C
