

TS-24 Essence Thermal Actuator 2 Wire NC

Product overview

A simple yet very powerful actuator, the compact TS-24 makes installation easy, allowing easy access for threading the unit onto the manifold.

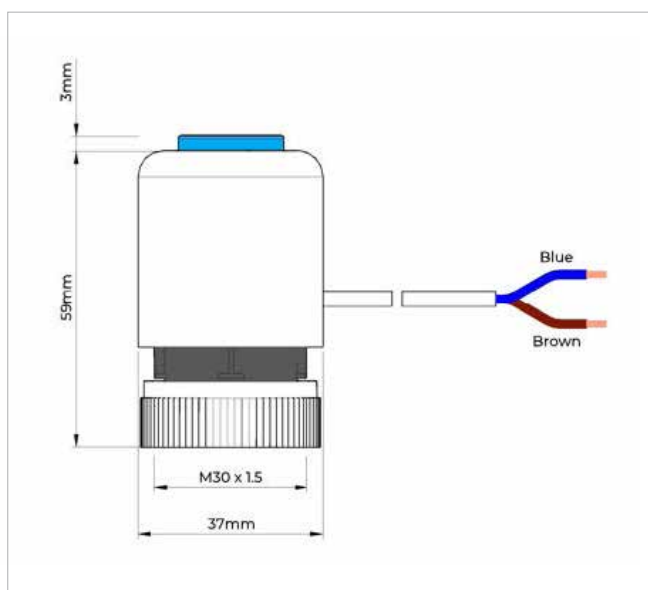

An uncomplicated energy efficient product, designed to last and provide a trouble-free install.

The blue button rises upon opening the manifold circuit, falling again as it closes, giving easy visual assurance that it is functioning correctly.

The TS-24 is a strong valve, at 100 newtons closing force, travelling 4mm between open and close position in 4 minutes.

It is provided with 80cm of pre-wired cable, ready to connect to the wiring centre.

Technical specifications	Dimensions	59mm (H) x 37mm (W/D)	Product code	230v: TACT-0224
	Weight	93g		24v: TACT-0226
	Material	Plastic PA66 +30% GF	Item	Thermal actuator
	Power consumption	2W 230v / 3W 24v	Version	NC (normally closed) ABS
	Max current	300Ma	Colour	White body, blue button, grey connection ring
	Stroke length	4mm	Protection rating	IP41
	Opening time	4 mins	Cable	White 0.8m 2 wire x 0.5mm
	Force	100N +/-10N	Mounting	M30x1.5mm
	Working temp	-5 to +60°C	Compliance	EN60730
